Become a Pro-Life Army of One in the Summer of 2026

John Pisciotta, PhD

Executive Director, Pro-Life Waco and Pro-Life in the Public Square

Your cost is about the same as one restaurant meal for two. But the impact will reach thousands.

You can do this! As an “**Army of One**,” you can make a significant impact during the summer of 2026.

You can order 10 yard signs for just \$40 from **Pro-Life Yard Signs Across America** (<https://www.prolifepublicsquare.com/yardsigns>). These signs can carry the pro-life message into your church, your neighborhood, and your community. Your top-quality signs were forged through three decades of activism in Waco, Texas, and are heavily subsidized by **Pro-Life in the Public Square** (<https://www.prolifepublicsquare.com/>).

Most pro-lifers recognize that developments since the Dobbs decision toppled Roe have fallen short of our expectations. We have lost vastly more statewide ballot measures than we have won. Tragically, abortions in America still exceed one million annually.

This is not the time to retreat from the public square. It is the time for stronger public witness and broader community engagement.

So, what will you do when your 10 signs arrive?

1. Plant your first sign proudly in your own yard.
2. Next, ask your pastor for permission to place two or more signs on church property.
3. Bring signs to hold at local pro-life events and share them with fellow life defenders.
4. Offer signs to pro-life friends and allies. Give them away—or ask for \$5 to recover your cost.
5. Bring your relatives into your summer campaign. They have room for yard signs in their yards. Offering a sign will give you a chance to evangelize your siblings, cousins, and others.

By this point, you're well into the summer, and your supply of signs is virtually depleted. You may wish you had ordered 20 or 30 signs at the outset. You are welcome to place a second order to carry you into 2027.

If your pastor agreed to signs on church grounds, next ask for support for selling or giving away after church services on one Sunday. We have a special Christmas yard sign that would be great for the Advent season

Wow, on New Year's Day, you will feel a sense of accomplishment from the chain reaction sparked by your **Army of One**.
